

MP PAUL CHIANG

MARKHAM-UNIONVILLE

Feb 1st, 2022

As the Member of Parliament for Markham-Unionville, I am pleased to offer my sincere congratulations to Lind Equipment on reaching an important milestone.

Canadians have been looking for ways to do their part in fighting climate changes and they are excited to do so. Innovation plays an important role in fighting climate change. I'm proud to announce that Lind Equipment's award-winning LED Jobsite solution has saved 500,000,000 (five hundred million) kWh which is equivalent to removing 77,000 cars off the road for one year, or powering 65,000 homes for a year.

Now more than ever it is important for all of us to work together to seek a collaborative action plan where we can all take part in improving our environment and fight climate change.

Thank you Lind Equipment for your ongoing effort to contribute to the community's strength and prosperity. A sustainable energy solution creates a sustainable future. Congratulations on your incredible success!

Sincerely,

A handwritten signature in black ink that reads "Paul Chiang".
